

VDSL splitter with LSA-PLUS® technology

Where broadband is a tradition

ADC KRONE

The ADC KRONE name has always been synonymous with the introduction of technologically unrivalled innovations.

With the revolutionary LSA-PLUS® quick connection technology we have set the benchmark worldwide for over a quarter of a century. Today, there are over one billion LSA-PLUS® contacts in ADC KRONE products throughout the world. We have been continuously incorporating the know-how and experience we acquire with LSA-PLUS® into the wide variety of application areas based on connection technology for copper networks. Thereby, we always combine the technical capabilities of the LSA-PLUS® connection technology with the new performance requirements of modern access networks. As a result, we implement individual product solutions through to innovative system solutions that merge the proven standards with the technology of the future.

BroadWire PLUS™ SPLITTERS WITH LSA-PLUS® TECHNOLOGY

The world of telecommunications is evolving at breakneck speed: particularly with respect to performance and reliability. Interactive and multimedia applications subject modern communication networks to ever increasing demands. Innovative solutions designed by ADC KRONE already comply with the demands of tomorrow. Decades of experience have made us the leading global system provider for network and connectivity technology.

LSA-PLUS® and BroadWire-PLUS™ are trademarks of ADC KRONE.
